

HEART ATTACK IS CAUSE OF DEATH

Mrs. George Abendroth is Claimed at Home in Crawford County.

SPECIAL TO THE STAR
BUCYRUS, June 26.—Mrs. Elizabeth Barbara Abendroth, lifelong resident of Crawford county, died at her home in Liberty township Thursday at 11.30 p. m. following an illness of heart trouble.

Mrs. Abendroth was born in Liberty township Dec. 15, 1863, the daughter of Mr. and Mrs. John Pfleiderer. She was married Sept. 2, 1890, to George Abendroth who survived with three children, Mrs. Pearl Wagner of Whitestone township, Frederick of Mansfield and Miss Ethel Abendroth at home. Also surviving are three brothers, Samuel, Joseph and Emanuel Pfleiderer of Liberty township and two sisters, Mrs. Martha Witter and Mrs. G. A. Munn of Bucyrus, and four grandchildren.

Private funeral services will be held at the Abendroth home Saturday at 2 p. m. with Rev. Berlin of Adrien, Mich., former pastor of

St. Paul's Lutheran church at Sulphur Springs, of which the deceased was a member, officiating. Public services will be held at the Munn funeral chapel at 2:30 p. m. and the body will be placed in the Bucyrus mausoleum.

Arrange Rites for Crestline Resident

BUCYRUS, June 26.—Funeral arrangements are being made for Charles I. Case, 54, clerk at the Pennsylvania yard office in Crestline, who died at Crestline Emergency hospital Wednesday night where he had been a patient since June 6. Mr. Case is survived by his widow, formerly Julia Belle of Shreve, one brother, Reed Case Toledo, and one sister, Mrs. A. H. Heppie, Rochester, N. Y.

Death Claims Aged Resident of Crestline

BUCYRUS, June 26.—Funeral services will be held Saturday for Miss Kate Michael, 81, lifelong resident of Crestline, who died at the home of Mrs. Sadie Coleman, Crestline, Thursday morning following a 12-day illness. Services will be held at St. Joseph's church, Rev. T. G. Quinlan officiating.

ARTIST ADMIRE S CARTOONIST'S HANDS

J. Campbell Phillips (right), noted portrait artist, has just completed a picture of George McManus (left), cartoonist, who draws the "Bringing Up Father" comic. Phillips is a great admirer of McManus' deft hands and wishes to make a picture of them alone. Phillips says "McManus' hands have fascinated me ever since he began sitting for his portrait. They give me a feeling of power." The painting of McManus between artist and cartoonist in New York certainly looks real, what?

Scientist May Unravel Aurora Borealis Mystery

PASADENA, Calif.—The Aurora Borealis, that mysterious glow of light that flares over the North Polar skies in the stratosphere, has been captured in a laboratory test tube.

Dr. Joseph Kaplan, scientist of the University of California at Los Angeles demonstrated his mastery of the Aurora here as he prepared one of many startling scientific exhibits to place before the American Society for the Advancement of Science at the mid-summer convention, June 15 to 20.

It was the first time, scientists said, that the distinctive light of the Aurora has been reproduced, and further study of Dr. Kaplan's results was expected to answer the age-old question of what the Aurora is.

For one thing, Dr. Kaplan said, the test would open the way for new findings about the vital chemical element, nitrogen.

Science heretofore has regarded the Aurora Borealis, in the northern skies, and its counterpart, the Aurora Australis, over the South Pole, as glowing nitrogen in the eerie upper atmosphere. Bombardment of rays from the sun was believed to have caused the nitrogen to glow.

Dr. Kaplan, with great difficulty, reproduced the conditions under which nitrogen exists in the stratosphere, recently explored by Auguste Piccard and Charles Kipfer, the European balloonists.

These conditions include extremely rare pressure.

"Our problem," Dr. Kaplan said, "was to make a tube of glass in such a way as to get the upper air conditions where there are no glass walls to confine the gases."

"I succeeded in passing an electrical discharge for a long time through the air in the tube. The air was at a pressure of only one-thousandth of a millimeter, which is one-millionth of the amount of pressure of the air at sea level."

"After several weeks of steady

discharge, the walls of the tube gradually were covered with a thin black film, probably some oxide.

"Then the tube began showing the spectrum characteristic of the Aurora."

"At a higher pressure the tube would show the peculiar spectrum of nitrogen under conditions where the nitrogen is breaking up into atoms instead of combining into molecules, as nitrogen does in the ordinary air we breathe."

SAYS 20 PER CENT TAX LOSS LIKELY

Morrow County Auditor Makes Prediction After Assessors File.

"Special to The Star"
MT. GILEAD, June 26.—Morrow county's loss in personal property valuation this year totals \$694,140, final reports from the assessors in the 22 taxation districts show, Peru township, F. K. Green, assessor, was the last to file with Auditor Roy Miller. The drop there is \$21,280.

Each of the 16 townships and six corporations in the county were found to have sustained a loss in the personal property for the taxation duplicate with the exception of Chesterfield which gained \$1,875. The drop of nearly three-quarters of a million will result in a loss in the taxes to be collected this year, Auditor Miller states, of approximately 20 per cent of the money collected from this source in 1930.

Bucyrus Resident Gets Harvard Degree

BUCYRUS, June 26.—The degree of doctor of medicine, with distinction, was conferred upon Richard Edward Alt, son of Mrs. Rose R. Alt of New Washington, at commencement exercises at Harvard university recently. Dr. Alt received the Bachelor of Arts degree from Harvard with the class of 1927. The new doctor will begin his internship at the Massachusetts General hospital in Boston this month when he will pursue the study of surgery.

A REAL FRIEND

By International News Service
EAST HAMPTON, Conn.—Paul O'Connor's fox terrier, Tiny, once with a circus, is disconsolate because his master's pet cat is missing. O'Connor, seeking the aid of Ellery Flood, the local dog warden, in finding the cat, relates how for two years the cat had given the dog a bath at nightfall, and then gone to sleep curled against the dog. More than that, O'Connor is a volunteer fireman who is called by phone when there's a fire at night, and the dog has always sensed the phone call just a second ahead, giving O'Connor a chance to get into action before the rest of his firemen mates.

Believes Labor Should Share Business Profits

MADISON, Wis.—The opinion that "labor should share in the profits of production" was expressed by Solomon Levitan, Wisconsin state treasurer.

"Our country has become the greatest industrial nation in the world because of the buying power of the masses," he said. "Industry is being forced to recognize that high wages increase production and at the same time create a market to consume its product."

"The period of unemployment has shown that buying power is the first requisite to prosperity. This fact has proved that adjustment to economic conditions cannot come through the reduction of wages."

PARK ROCK GARDEN IS BEAUTY SPOT

Alpine Setting Used To Produce Unique Attraction

A beauty spot in McKinley park which is attracting much attention from those who have occasion to use the drive connecting the city with Delaware street with Delaware street is the Alpine rock garden. While the place is new, it is expected that in a few years it will become one of the most beautiful rock gardens in this section of the city. The prediction of those who saw the plan of its building.

Dr. Mann's Work
Last fall, Dr. F. R. Mann, president of the city park board, conceived the idea of a rock garden for McKinley park. He had a spot at the small end of the upper end of the park. He consulted Charles Raymond, a local decorator and rock garden enthusiast and an authority on rock garden plants and their culture.

Mr. Mann was solicited from other sources by Dr. Mann. Mr. Raymond volunteered his services. The garden was donated by John D. Owens & Son at Owens Station and the Dan Evans Quarry and the services of the city trucks were used by Service Director D. J. Hall.

Each stone which had been aged and used and frequent use were made to the quarry by Dr. Mann and Mr. Raymond to select the proper kinds. According to the builders of the garden, it takes 25 years for the proper setting of a stone. Some of the stones used for the bed of the stream have patches of moss on their surface.

Haul in Soil
Since the spot selected was a flat surface, much soil was needed and the hauling of this soil was no easy matter, since but little money was available. By much persuasion on the part of the park president, more than 250 loads of soil were hauled to the site.

In order to provide proper drainage, the soil was mixed with fine stone and sand and extending through it are more than 250 feet of perforated pipe from which water will flow to provide the proper moisture and since some of the most beautiful of rock garden plants require an acid soil, peat was imported from Pennsylvania to obtain the proper acidity. It is expected the soil will be kept acid by the use of vinegar or some other mild acid.

The garden was designed by Mr. Raymond with the thought of keeping as far away as possible from the artificial. The walls, the terraces and even the steps leading down into the sunken garden, were all carefully placed in just as faithful duplication of nature as possible.

Has Waterfall
A waterfall in which a volume of water pours over a six-foot rugged stone wall, adds much to the beauty of the garden. As the water falls it forms a tiny stream that follows a narrow stone-paved bed bordering the interior of the sunken garden to a point opposite the fall, where it enters a small lily pool on its way back into the lake. Water drawn from the lake by an electric pump, supplies the water for the falls.

Hundreds of rock garden plants and shrubs and a number of dwarf pines have already been planted in the garden but these, the builders of the garden say, represent only a part of the number which will have been planted when the garden is completed. Nearly 5,000 plants representing 700 different varieties, many of which are unknown to rock gardens in this section of the country, will add their beauty to the scene.

CHIEF GIVES ADVICE TO 4TH CELEBRATORS

McFarland Recommends Garden Hose as Good Aid on Day.

Keep a garden hose handy and learn the location of the nearest fire alarm box are two admonishments given by Fire Chief McFarland to those who feel that shooting fireworks is the only way in which they can properly express their patriotism on the Fourth of July.

A plea for a safe and sane Fourth, however, is made by the chief. "The glorious Fourth," he said today, "is often made a day of suffering and loss through the careless shooting of fireworks and knowing this, we should realize the importance of a safe and sane celebration of Independence day."

"Every citizen in Marion should cooperate in preserving the safety of life and property by discouraging the use of fireworks and firecrackers," the chief urged. "Moreover, he should clear his premises of all inflammable litter and rubbish of all kinds before the Fourth. Remember that an ounce of prevention is worth a pound of cure."

Since the shooting of fireworks in the city is prohibited by a city ordinance, the danger of lawlessness as well as the danger of fire and injury, enters into the observing of a safe and sane Fourth. It is pointed out by the chief.

DOG SAVES CHILD'S LIFE

By International News Service
LA MESA, Calif.—Because of the heroism of "Gertie" a dog from the city pound, Louise Speyer, two-year old daughter of Mrs. L. H. Speyer, is alive today, but the dog was dead. The little girl, playing in a yard, came across a rattlesnake. Apparently noticing the child's fascination for the snake the dog grabbed her clothing and tried to pull her away. Louise wouldn't move but Gertie ran in front of the girl in time to intercept the snake's swift strike.

ARMY AERIAL TEST SUCCESS

1931 Maneuvers Most Helpful Ever Staged, Officers Report.

By United Press
WASHINGTON—The Army Air Corps 1931 maneuvers are proving the most valuable field exercises held by the aerial defense forces of the service as technical reports of the maneuvers are being carried out by 1,400 officers and men in a formation of 672 planes.

Although the work has just been completed, favorable answers are available for dozens of questions which have been puzzling the corps for years. Detailed technical analysis, will show, when the task of examining data is completed, just how men and machines stood the long grind of flying and answer additional questions.

Capable Aviation
Thus far the maneuvers have shown the army air chiefs not only that large formations of planes may be moved from place to place over long distances, swiftly and with safety, provided precautions are taken, but that American aviators as a type are fliers that may be called upon for the most difficult tasks in times of emergency, and that the primary fliers can be depended upon to bear their share of the burden of fighting in the air.

The maneuvers proved, air corps officials say, that if necessary the war department can use members of the graduating classes of the various army flying schools in large active regular army units, that young pilots who have just won their wings may be placed in active groups and wings where the highest degree of flying efficiency is maintained. The fledglings can be whipped into formations with their more experienced brothers and not slow them up a whit, the analyses show already.

Radio Control Tested
Radio control of aerial forces on the move was practiced during the maneuvers, and proved satisfactory. The big 672 plane parade unit sent various formations as far as 200 miles away in forming the 20 mile cavalcade which swept over parade points, and the formation worked with clocklike precision.

"Each day during the maneuvers," says one of the first tables worked out from maneuvers data, "an improvement was noted in the time in which the various units could meet at some aerial rendezvous and assemble there as one unit, all component parts in their proper place and at proper intervals."

IN CONTEST

Miss Louise George To Represent United Grange.

Miss Louise George, representing United Grange No. 1904, will compete in a county declamatory contest to be held July 11 at Claridon school, as a result of winning the elimination contest last night at the meeting of the grange held at the Claridon school. The county contest will be a joint meeting with the Pomona Grange. Miss Vera Seas won second honors last night.

At the meeting last night, Fred Lusch, legislative agent of the United Grange, gave a report of the tax meeting held in Marion Monday night. Talks were given by Roy N. Lovett, Floyd Uncapher and Ray E. Rector, all of Mt. Olive Grange.

Two readings were given, "Civil War," by Miss Mildred Seas, and "Independence Bell," by Janet Lusch.

The next regular meeting of United Grange will be held at the school July 9.

WHY ORDER COAL NOW?

Because prices are at the lowest point of the season, and quality is always better when there is a slow movement of coal.

Because the Railroads have applied for an increase of 15% in rates, and there is a possibility of this rate becoming effective in a very short time. It would raise the price of Pocahontas coal 35c per ton; West Virginia Coal 32c, and Ohio Coal 25c per ton.

RECORD WHEAT YIELD PROBABLE IN KANSAS

Bumper Crop May Exceed Total Bushels Produced in 1914.

WICHITA, Kas.—With the Grain Stabilization Corporation attitude toward the wheat pits over the Kansas wheat crop, the probable yield of wheat in this state has been estimated by those conversant with the crop conditions over the entire wheat belt of Kansas will find itself with the largest yield of wheat in several years, some predicting that it will equal if not exceed the yield of 1914 when 180,000,000 bushels were poured into the markets of the world.

Many farm agents, who have made a specialized local study of crop conditions, and railroad agricultural agents are unanimous in predicting that the crops should run from fifteen to twenty-five bushels to the acre, depending on the section of the state in which the fields are located.

Railroads are moving all available empty box cars to the wheat belt to care for the shipments of grain that are certain to be made when the harvest starts within a few weeks.

As to price, observers are not so optimistic. Immediately following the withdrawal of the support of the Grain Stabilization Corporation, wheat dropped to the lower 50's in Kansas City, the center of the grain activities in the Middle West.

Theater News And Reviews

STAGE SHOW TO REPLACE VAUDEVILLE

Stage presentations will replace vaudeville at the Palace theater, beginning Saturday and Sunday. The opening presentation Saturday and Sunday will be "A Cabaret Revue" featuring a jazz band, singing, dancing, comedy and "Clifford and Leslie," comedians Jack Clifford will act as master of ceremonies.

On the screen Robert Woolsey's first solo starring picture, "Everything a Kisser," will be shown. This is Woolsey's first picture without his other half, Bert Wheeler, and has Anita Louise as the leading woman. Woolsey is a medicine faker.

"THE BAT WHISPERS" AT OHIO

Chills and thrills at the Ohio tonight and Saturday, "The Bat Whispers" returns with Chester Morris in the featured role. This is a good mystery picture, with plenty of unusual photography and spine-tingling episodes.

Una Merkel, Gustav Von Seyffertitz, Grayce Hampton, William Bakewell and Maude Eburne are some of the members of the cast.

CONSTANCE BENNETT PLAYS AT OHIO

Constance Bennett's latest starring vehicle, "Born to Love" playing at the Palace tonight is the old, old story told again with Miss Bennett.

nett, Joe McCrea and Paul Cavanagh in the whirlpool. She loves McCrea and on the last night before he goes to the front, surrenders to him. Cavanagh, a wealthy man, is willing to marry her and accept McCrea's baby as his own after Miss Bennett learns McCrea has been killed. Of course McCrea comes back, and Cavanagh is given the custody of the child when Miss Bennett divorces him. A melodramatic climax brings the story to a close. A Clyde Cook comedy and newscast are on the bill.

STAGE FIRST BOXING SHOW

More Than 1,000 Attend Initiation of Sport at Upper Sandusky.

Special to The Star
UPPER SANDUSKY, June 25—More than 1,000 people crowded the Y. M. C. A. gymnasium last night to witness the first fight card ever staged in this city. In the main bout between Al Gatchell of this city and Nick Martin of Cleveland, Gatchell was awarded the decision at the end of the fifth round on a foul. Gatchell had Martin down for a count of nine early in the fight and had also sent him to the canvas two times for no count before the fight ended. Both fighters weighed in at 190 pounds.

In the curtain raiser between Junior Wenner and Dick Sturges, both of Bucyrus, the bout was called a draw. In the first preliminary fight Griffith of Marion won the decision over a technical knockout before the end of the first round. The Corbin of Upper Sandusky was given the decision over Howard Hyle in the second four-round preliminary.

Marion Man Wins
K. O. Mankey of Bucyrus was given the decision over K. O. Gibson of Cleveland in an eight-round go. Johnny Gerry of Marion won the decision over Ernie Dugan of Postoria in the eight-round semifinal. This was one of the rough bouts of the card. Dugan sent Gerry to the canvas with a blow from his knee but after an examination Gerry was found fit to continue and was able to win the decision.

A 25-piece drum and bugle corps from the Carey American Legion post paraded the main streets before the fight. Lester Deewester of Carey refereed all the bouts.

TO LET CONTRACT

Will Draw Plans for New Post-office at Bucyrus Soon.

Contracts for the construction of the new postoffice at Bucyrus, will be awarded within six months, it was learned at the United States treasury department today, according to an International News dispatch from Washington.

Preliminary sketches for the structure are complete and need only the approval of treasury officials, it was said. Plans and specifications will be drawn up probably in the next 90 days, according to officials.

ENTERTAIN GUESTS

UPPER SANDUSKY, June 25—Miss Ethel Fisher entertained at a garden party last night honoring her cousin Miss Alice Robey, of Bucyrus. A two-course luncheon was served. Honors at bridge were awarded Miss Robey and Miss Irene Frank.

MANY REGISTERED FOR COUNTY WORK

Officials Believe Plan Will Care for Many Unemployed During Summer.

Special to The Star
MARYSVILLE, June 25—More than 150 unemployed men of Union county have registered in the office of Prosecuting Attorney Gwynn Sanders in answer to the statement made last week that county authorities were planning to use the unemployed of this county on ditch and road work this summer. All the men who have registered have large families and have been out of work for at least three months. The county commissioners are making a survey of the situation and it is thought that there will be enough work for all the men who have registered.

Suit has been filed in common pleas court by Libby Hendrickson of Richmond, against William Hendrickson for divorce. She charges gross neglect of duty and extreme cruelty. Mrs. Hendrickson charges that her husband left home in April 1930 and that since then she has been without support.

Dr. Jessie F. Conrad of Magnolia Springs has filed an answer in the suit of The Peoples Building and Loan Co. against Edward M. Schamba and others. Mr. Conrad asks judgment against Schamba for \$1,000 with interest at seven per cent from May 15, 1930, and costs and eight per cent interest from May 15, 1931. The money is claimed due on a promissory note secured by mortgage on property in Richmond. Schamba, formerly from Richmond, is now living in Upper Arlington.

At the ninth annual convention of the tenth district of Pythian Sisters at Bellefontaine, Marysville was chosen for the next convention. The initiatory work at Bellefontaine convention was in charge of the Marysville temple.

SCHOOL DISTRICT ASKS FOR TRANSFER

Part of Harmony Township Wants in Marengo Territory.

Special to The Star
MT. GILEAD, June 25—A petition has been presented to the county school board asking for the transfer of a part of the Harmony township rural school district to the Beaufort township district where the pupils could be sent to the Marengo consolidated school. The district is now served by the Blackhawk rural school with between 15 and 20 pupils. Approximately 90 per cent of the residents of the district are said to have signed the petition. The county board will act on the transfer at the next regular meeting to be held at the office of county superintendent here Saturday, July 18.

MORE THAN 500 AT CONVENTION

Missionary Worker Is Speaker at Evangelical Meeting in Bucyrus.

Special to The Star
BUCYRUS, June 25—Delegates and visitors numbering more than 500 were in attendance at the opening session Thursday night at First Evangelical church, of the Ohio branch of Woman's Missionary society convention being held in the local church through Sunday.

Rev. G. Busacca, missionary worker of Kenosha and Milwaukee, Wis., delivered the address and Miss Lois Kramer, teacher in the deaf oral school in Japan conducted the worship service on the theme "The Promise of Greater Things." Special music included an anthem by the choir and the offertory played by Miss Evelyn Schiebler, cello.

Introduce Officers
Proceeding the address all of the officers of the branch numbering more than 20 were introduced by the president, Mrs. C. R. Beerbower of Marion.

Today's session opened at 8 a. m. with a committee meeting followed by the regular morning session which was devoted to reports of district secretaries. Miss Kramer conducted the worship service with "The Price of Greater Things" as her topic. Holy communion services will be the feature of the afternoon session today, conducted by Rev. R. A. Sain, presiding elder of Columbus district, after which a jubilee quadrangle program will be presented.

The convention will close Sunday with two sessions. Bishop G. E. Epp of Cleveland, will deliver both morning and afternoon addresses.

FILES MOTION IN CLEVELAND COURT

Former Cashier of Galion Bank Claims Receiver Violated Court's Order.

By International News Service
CLEVELAND, June 25—Motion to strike from court records the answer and cross-bill of A. E. Evensen, receiver for the defunct Citizens' National bank at Galion, to her suit for \$208,000 against five former directors, was filed in federal district court here yesterday afternoon, by Mary Volk, former cashier of the bank.

The motion avers Evensen's answer and cross bill violate the court's order handed down in denying the receiver's motion to realign parties and are improper.

In event the motion is overruled, the plaintiff asked the court to order the receiver to pay the costs.

TRADER HORN'S LIFE OF ADVENTURE ENDS

Death Comes to South African Peddler Made Famous in Books and Movies.

Continued from Page One

between his long treks, Horn drifted back to his native Lancashire, to make his home for a time with his married daughter.

One day he was out walking with his grandson and boon companion, 5-year-old Sandy, when he lost the youth in the streets of London. A boy found the child and returned it to its mother, but Smith, fearing the "wrath of a woman," drifted on toward his favorite haunts in Africa.

It was during one of his peddling trips about South Africa that Smith met Mrs. Lewis, the novelist. She was attracted by his odd appearance and gave him a pencil and asked him to write. After that he wrote for her every Monday and from which evolved the strange book of "Trader Horn." But his writings were so good they led to the belief there could be no such person in real life. Mrs. Lewis and John Galsworthy, who also had met in Africa, however, vouched for the works as authentic.

Trader Horn became angered at this unbelief and immediately made a tour of the world to exhibit himself. As a result of his interesting character his books sold by the thousands. He afterward wrote "Harold, the Webbed," a romantic story of Vikings—Romans and ancient Britons. In 1929 he went to the United States, and in Hollywood he helped direct a film in connection with his wanderings.

FORMER TELEPHONE OPERATOR CLAIMED

Mrs. Mellie Engliert Succumbs at Home of Daughter at Lykens.

Special to The Star
LYKEN'S, June 26.—Mrs. Mellie Engliert, widow of George Engliert, 61, lifelong resident of this vicinity died yesterday at 9 p. m. at the home of her daughter, Mrs. Warren Keller, here. Death followed an eight-months' illness of complications.

Funeral services will be held Sunday at 2:30 p. m. at the home followed by interment in the cemetery at Brokenwood.

Mrs. Engliert was born March 23, 1868 in Brokenwood. Her marriage was to Mr. Engliert, who died in 1890. She is survived by her daughter, two grandsons, Gerald of Oberlin and Lyle at home and one great-granddaughter.

Mrs. Engliert was a member of the Evangelical church and for a number of years was employed as a telephone operator at the Lykens exchange.

SAVES OWN LIFE

PASADENA, Calif.—Miss Laura Muller, 25, a clerk, saved her own life by presence of mind. She has taken an overdose of insulin, and realizing that sugar was the most effective antidote, she ran into a store, seized a candy bar and hastily gulped it down. She then fell to the floor unconscious. At a hospital more glucose was administered. Doctors said her swift action in eating the candy had saved her life.

Honor Given Man Who 17 Years Ago Predicted End of Universe

By International News Service
BALTIMORE—The man who 17 years ago said the universe was going to pieces, has been awarded an LL. D. degree from John Hopkins University.

He is Sir James Hopwood Jeans, noted British mathematician whose figures on light years and lunar researches conflict with other learned men on this subject. Jeans is at present at Mount Wilson Observatory, Pasadena, Cal., studying the earth.

He uses mathematics to prove that this universe is just one of 2,000,000 other universes spaced 2,000,000 light years apart and each containing 1,000,000 to 2,000,000 suns, despite the efforts of Dr. Robert A. Millikan, American physicist, to dissuade him from his belief that this universe is dying.

He arrives at his computation by the effects of cosmic rays, and in so doing, falls into error by ignoring the basis of measurement of

Church Women To Meet Next Year in Bucyrus

Selection Made at Annual District Session of German M. E. Society Here; Brokenword To Assist in Entertaining Visitors.

Bucyrus was selected as the 1932 meeting place for the Columbus group of the Woman's Foreign Missionary society of the Central German conference in the business session of the annual convention yesterday afternoon at the Prospect Street M. E. church. The 1932 meeting will be the last before the merger of the German with the Central M. E. conference of English churches and Brokenword, O., will join with Bucyrus as host to the meeting.

Officers were selected. They are Mrs. C. A. Albrecht of Columbus, president, Mrs. Amos Lutz of Bucyrus, vice president, Mrs. J. E. Stump of Bucyrus, treasurer, and Mrs. Caroline Shambaugh of Marion, secretary.

The nominating committee was made up of seven ministers' wives. They were Mrs. William Bricker of Beers, chairman, Mrs. Karl W.

PITTSBURGH MAYOR, AID ARE INDICTED

Grand Jury Completes Long Probe of Supply Purchasing System.

By The Associated Press
PITTSBURGH, Pa., June 25.—Mayor Charles H. Kline and Bertram L. Succop, his former director of supplies, were under indictment today on charges of misdemeanor in office as the result of a four months' grand jury investigation into Pittsburgh's methods of purchasing supplies.

Mayor Kline, who is credited with swinging Allegheny county into line to help elect Gifford Pinchot, refused to comment on the grand jury action today. Succop, who was removed from office by Kline about two weeks after the investigation was started, was quoted recently as saying he would not be the goat, if there was to be a goat.

SCOUT ON BYRD TRIP AT CAMP CEREMONY

Siple Tells Luncheon Clubs, Troops of Polar Experiences.

Continued from Page One
Siple, who was with Byrd, returned to his home with illness, Bush received his Scout palm, a high award, from Siple during the tour of the city.

To Speak Tonight
Siple was scheduled to appear at the Harding area campfire at Camp John A. Owens late this afternoon to dedicate a signal tower erected by Scouts, but unfavorable weather caused postponement. He will be one of the principal figures in the court of honor to be held at 7:30 p. m. at Epworth M. E. church. Many Scouts from Marion and other troops in this area will receive awards for their work from Siple.

After spending the night at Hotel Harding, Siple will be taken by automobile to Columbus early Saturday by Scout Executive Arthur S. Brooks, where he will board a train for Steubenville where he will appear Saturday.

Siple came to Marion by motor with Perle Whitehead, Scout executive of Dayton.

Mussolini's government maintains its position that the "Catholic Action" clubs for adults, or the dissolved juvenile Catholic organizations, will never be permitted to resume their activities in Italy, because they are secretly political and against him.

The Italian government goes further, demanding that the Vatican express regret for "grave anti-Italian manifestations by Jugoslavian ecclesiastical authorities."

Mussolini's government constantly emphasizes the fact that the Vatican is a "foreign nation." It might even be thought that Mussolini had consented to the restoration of temporal power and papal government of a small area with the deliberate intention of creating that "foreign government" status.

A NEW RECORD, made in England, will interest tailors especially and manufacturers generally. John Crowther & Sons of London took the wool from 12 Southdown sheep, made it into cloth and made the cloth into a suit of clothes, all in 2 hours 9 minutes and 48 seconds. That is a world record.

MRS. JOHN HEFFLEY DIES AT HOME HERE

Funeral To Be Held at Home on Herman Street Saturday at 3 p. m.

Mrs. Drusilla Heffley, 67, died today at 7:30 a. m. at her home at 681 Herman street after nearly a year's illness of a complication of disease.

She is survived by her husband John Heffley, her children, C. E. Heffley at home, Curtis Heffley of Pennsylvania avenue, Guy Heffley of Bucyrus, Mrs. Russell Goken of east of Marion, nine grandchildren and a sister, Mrs. Cyrus Hall of Weldon, Ill.

Mrs. Heffley was born Aug. 14, 1864, in DeWitt, Ill., to Daniel and Mary O'Brien, both deceased. She was married Feb. 25, 1885, in DeWitt to Mr. Heffley. She was a member of the Methodist church at her home in Illinois.

Funeral services will be held Saturday at 3 p. m. at the home in charge of Rev. E. C. Potoff, pastor of First Memorial Baptist church. Burial will be made in Marion cemetery. The body will be taken from the M. H. Gunder funeral home on west Center street to the home late this afternoon and may be viewed there until funeral time.

COMPROMISE MOVE STARTED BY U. S.

Stimson Says Counter-Proposal Does Not Accomplish Full Relief.

Continued from Page One
Elements which was set up under the Young plan. France, on her part, is willing to promise that these funds will not be withdrawn for a year, but held in escrow, and even doled back, if necessary, to Germany and other needy nations, in the form of short-term credits.

President Hoover and his advisers consider this alternative proposal to be unacceptable. It strikes, they contend, at the very root of the Hoover idea, which was to have a complete breathing spell in the matter of intergovernmental obligations. The effect of it, they believe, would nullify the very results which Mr. Hoover hoped to achieve which was instantaneous financial relief for all.

The French are frankly afraid that after a year's suspension Germany could not be coerced into resuming reparations payments under the Young plan.

EXPECT AGREEMENT

Mellon Discusses Moratorium with French Government Heads

By The Associated Press
PARIS, June 26.—Andrew W. Mellon, American secretary of the treasury, took luncheon today with the heads of the French government and discussed with them President Hoover's momentous war debt proposals.

The luncheon meeting was looked upon as being of utmost importance in view of the accepted version of the French answer to the American suggestion that war debts and reparations be postponed a year—a version which has it that the French will not surrender the \$100,000,000 in unconditional payments which they receive from Germany annually under the Young plan.

Optimism that the American secretary of the treasury and the French statesmen would arrive at agreement was reflected in official circles and in French newspapers.

Law Replacing Uniform Code Will Take Effect Jan. 1; Session Draws to Close.

ments and debt obligations already incurred.

Intangible wealth—investments, securities, bank deposits, credits and moneys—will be taxed onto the tax duplicate at classified rates, which the legislature deemed low enough to eliminate the conscientious evasion resorted to when this class of property was affected by the high, confiscatory general property tax rate.

It will no longer be necessary for any one to return his household goods and his automobile for taxation under the general property rate.

The existing license fees on automobiles will be increased from the present scale of \$4-\$6-\$10 to a new schedule based on five classes of horsepower at the following rates: \$7-\$10-\$15-\$20-\$25.

Beginning next September a tax of two cents will be imposed on every pack of 20 cigarettes.

Cuts Realty Tax 10 Million
The classified intangibles law and the new motor tax law, except for the portion from the proceeds of the latter accruing to the state highway department will go entirely to local governments throughout the state.

The two combined are expected to bring about a reduction of \$10,000,000 in taxes upon real estate.

The proceeds of the cigarette tax law will go into the state treasury. The cigarette tax is expected to yield about \$1,000,000 during the last four months of this year. It is estimated to produce nearly \$6,000,000 during all of 1932.

Although the general assembly has completed its job—the classification of property, as authorized by the 1929 constitutional amendment—it must wait for a year to see how the legislation is going to operate.

The primary aim of classification was to reduce real estate taxes but no accurate estimate of how much that reduction is going to be as applied to local communities generally, is forthcoming. Framers of the tax program are uncertain themselves how much intangible wealth will be returned for taxation.

The new classified rates are: five per cent of the income yield of investments; two mills on bank deposits; which the banks are expected to absorb; two mills on the capital employed by financial institutions; five mills on the capital employed by brokers; five mills on the capital and surplus of insurance companies; three mills on other intangibles.

This law is expected to produce \$27,000,000 a year and the new motor tax law \$23,000,000, or a total of \$50,000,000.

Dr. Reading Honored by Toledo Odd Fellows

Dr. B. F. Reading of Toledo, formerly district superintendent of the Delaware district of the Methodist Episcopal church, and former pastor at Green Camp and Agosta, was installed last week as grand master of the Odd Fellows of Ohio, was a guest of honor at a reception given by the Toledo lodges at the Northern Star lodge rooms in that city Tuesday night.

Dr. Reading was elected to the lodge office at the annual meeting in East Liverpool recently. At the same meeting Dr. C. E. Turley of Marion was elected grand chaplain.

FINGERS CUT OFF

Workman Injured While Operating Rip Saw.

D. H. Rinnert of Cherry street suffered the loss of two fingers on his left hand yesterday afternoon while operating a rip saw at the plant of the Marion Lumber Co. on Oak street. Rinnert was engaged in sawing a piece of lumber when in some manner the piece caught and his hand was thrown against the saw.

He was taken to the hospital at the Marion Steam Shovel Co. plant where the second and third fingers on his left hand which were badly mutilated, were removed at the first look.

YOUTH CLAIMED AT HOME IN EDIN TP.

William F. Eystone, 18, Dies Following Year's Illness.

Special to The Star
SYCAMORE, June 26.—William Franklin Eystone, son of Mr. and Mrs. Charles Eystone, died today at 4:50 a. m. at the home of his parents in Eden township. He had been ill one year. Death was due to tumor.

Funeral services will be held Sunday at 2:30 p. m. at the home in Little York followed by interment in Sycamore cemetery.

Mr. Eystone was born Aug. 18, 1912, in Eden township. He graduated last spring from the Eden High school.

Surviving with the parents is one brother, Kenneth Eystone at home.

m. today (8:10 a. m. Marion time). The flight from Harbor Grace, Newfoundland, was accomplished in three hops. The airmen had hoped to be able to make it without a stop but failure of their gasoline supply and their loss of direction forced them down yesterday at Krefeld, Germany. Yesterday afternoon they went from Krefeld to Bremen where they were so exhausted that they decided to get a night's rest.

Greeted by Large Crowd
They were welcomed by a large crowd at Copenhagen's airport on the edge of the city. This was the original destination of their flight, but they found it impossible to reach Copenhagen yesterday when they became lost and wandered for hours over Europe.

The fliers made the hop from Bremen in two hours 33 minutes, the distance being 240 miles.

"This is the greatest day of my life," said Holmlis as he stepped from the plane here and was raised to the shoulders of his enthusiastic welcomers.

Wreaths of laurel were placed around the necks of the two airmen.

Will Return to Germany
Holmlis embraced his mother. Then he kissed the other members of the family present and turned about to receive the official government welcome from Minister Feils Skotts.

It was home for Holmlis, for he was born in Denmark, leaving here as a boy to go to America. It seemed like home to Hillig, although technically it was not. He is a native of Steinoruck, Germany, and as soon as the festivities in Denmark are over he and his companion will visit there.

committees and adjournment until 9 a. m. July 1. Both motions were adopted with whoop and the sleepy-eyed, bedraggled members made a hasty retreat for beds.

The senate, awaiting action by the house, had dwindled away to about a dozen members, most of whom were on the house side listening to the battle. Some were asleep on seats in the senate galleries, while others had gone to their rooms and were sleeping. Majority Leader Earl R. Lewis, realizing the futility of attempting to obtain a quorum to act on the conference report recessed the session until 1:30 today.

Says Deficit Six Millions
Representative William W. Weir, Republican of Trumbull county, insisted there still is a deficit of more than \$6,000,000 and criticized the assembly in general for not adopting additional revenue measures. He said the cigarette tax was the only revenue measure that had been passed.

Representative Schweikert, Democrat of Fairfield county, declared the finance committee had done its best to balance the budget, but that the legislature had not done its best. "We have permitted the rich utilities companies to escape payment of any additional taxes. We should have gone after the utilities," he said.

Willy Cox and Billie Burke, the eastern pair making their bow in Ryder cup play, shot the first nine in even up 36, to gain a margin of two up over the British combination of Ernest Whitcombe and Syd Easterbrook.

The Americans thus held the edge in three of the four matches after the first nine holes.

FUND NEEDS MONEY TO MEET EXPENSES

Lack of Cash Accompanying Subscriptions Causes Present Shortage; Officers Named.

Marion Community Fund faces a shortage of cash to meet current expenses of its agencies, it was revealed last night in reports submitted at the annual meeting of the general committee of the fund at the Marion club.

Subscribers in the 1931 drive failed to accompany their subscriptions with sufficient cash payments, resulting in the present shortage, officials of the fund say.

Make Appeal
In an appeal to Marionites to pay their subscriptions either in part or in whole, officials of the fund pointed out that there is not sufficient cash on hand to meet \$2,400 due for June expenses of the agencies. July payments, due July 5, will add to the shortage of money.

Marionites are urged to make partial payments as early as possible at the Community Fund headquarters in the Y. M. C. A. building.

Officers for the ensuing year were elected, and the 22 per cent cut in agency budgets for the next 12 months, made a week ago by the executive board, was approved by the general committee.

Wilbur H. Symes, elected president by acclaim at the final report session of the 1931 drive, was officially named to that office by the general committee. He will serve as president during the 1932 campaign. Other officers elected are Elmer J. Schoenlaub, Charles Isaly, Mrs. John McNamara and A. W. Newby, vice presidents; Roy Waddell, treasurer; E. W. Wood, auditor.

Reports to date on the 1931 campaign show that 6,230 subscribers gave \$53,451.67 this year as compared with 1930 when 6,238 subscribers gave \$58,263.94.

The next regular meeting of the general committee will be held in September.

Marion Man Returned on Non-Support Charge

Jack Albert, formerly proprietor of a garage here, was brought from Martins Ferry yesterday by Sheriff C. C. Fye and Deputy Chester Cosgrove to face a non-support charge in municipal court. He was placed under arrest by the local officials after an affidavit charging he had failed to provide for his four children since Oct. 1930, had been filed by Mrs. Albert.

MAKE ANOTHER CALL FOR JARS AND LIDS

We're Asks for Containers To Help Needy Save Garden Produce.

The appeal for jars and lids sent out by the Family Welfare society of Marion, has not received an enthusiastic response from the women of Marion.

It is necessary that the needy who have raised gardens this summer have the utensils to can the produce as a means of reducing to an appreciable extent the amount of money expended by the Welfare society for food.

Women having jars and lids which they will donate have been asked to call 1823 and leave their address. A machine from the Y. M. C. A. will call at the homes and collect them.

The Welfare society offices will be closed after July 3, and only one week remains in which to collect the jars and lids for the poor.

CHURCH NOTESFirst Dance of Summer at
Country Club To Be Saturday

THE first summer dance of the Marion Country club season postponed last week will be given Saturday evening at 8:30 o'clock. Saturday evenings have been chosen by the club committees as the time for a buffet supper and some variety of entertainment each week throughout the summer.

Dr. and Mrs. Carl W. Sawyer are chairmen of the committee planning the dance for Saturday evening. Their committee includes Mr. and Mrs. Wilbur Symes, Mr. and Mrs. Carl LaMarche, Mr. and Mrs. Daniel Evans, Mr. and Mrs. Clifford Howser, Mr. and Mrs. D. A. Howard, Dr. and Mrs. W. A. Dennis, Mr. and Mrs. James R. Smith, Dr. and Mrs. Herman Rhu, Mr. and Mrs. G. V. R. Mulligan, Mr. and Mrs. C. L. Gorton, Mr. and Mrs. Robert E. White, Mrs. Mildred Cleary and Miss May Ella O'Brien.

The club assumed a festive air yesterday when 104 women of the Findlay and Marion clubs spent a day with golf and bridge. Forty-four golfers teed off at 10:30 o'clock and played match play until luncheon at 12:30 o'clock at the club house.

The women of the host club won in the day's play by four points, prizes being awarded to Mrs. K. M. Bower of Marion and Mrs. L. A. Dorsey of Findlay for low gross scores and Mrs. Don Howard of Marion and Miss Catherine Spencer of Findlay for low net scores.

Bridge tables were placed on the

verandas and in the club dining room for those who cared to play cards. In the morning Mrs. D. H. Kirk of Findlay and Mrs. H. K. Mouser of Marion won honors for high scores. Fifteen tables were played in the afternoon, and at the close, awards were presented. Mrs. D. E. Fletcher and Miss Annette Kirk of Findlay, and Mrs. Howard Stoll and Miss Rosanna Cline of Marion.

Miss Mary Brandt of Madison.

N. J., house guest of Mrs. Carl W. Sawyer, and Mrs. George Mitchell of Cleveland who is visiting Mrs. H. K. Mouser, were among the guests.

Miss Geraldine Hord headed the committee in charge of the day's program, assisted by Mrs. T. J. Ray, Mrs. Charles M. West, Mrs. L. A. Ake, Mrs. Francis B. Huber, Mrs. M. C. McNeil, Mrs. W. P. Moloney, Miss Alice Hane, Miss Margaret Muntinger, Miss Margaret Dowd and Miss Margaret Wolley.

SIXTEEN guests were entertained by Miss Marguerite O'Donnell yesterday at her home in Chestnut street at an afternoon affair given for her niece, Miss Louise Artz of Lima, O.

Pink Columbia roses decorated the tables at which luncheon was served after a season of bridge and dancing.

Epworth Circle at Crystal Rock. Mrs. William Treby entertained Circle No. 9 of the General Aid society of Epworth M. E. church at an all-day picnic party at her cottage at Crystal Rock near Lake Erie, yesterday. The day was spent in boating, swimming and fishing.

In the morning Mrs. Joseph Justice and Mrs. H. O. Toms, members of the circle, came from Lakeside to spend the day, accompanied by Mrs. Frank Bentz, Mr. Toms and Charles and Allen Justice. Other guests were Miss Emma Simms of Findlay, Richard Langdon, Billy Langdon, Dorothy Jean and Betty Lou Toms and John and Pauline Parish.

Enroute home the party visited the Blue Hole at Castalia. The circle will meet in September.

CANCEL PROGRAM

Hardin County Chautauqua Dis-

continued This Year.

KENTON, June 26.—That the annual Hardin County Chautauqua will not be held this year was the statement made today by A. P. Hord of Kenton, president of the county chautauqua association.

According to present plans the annual programs extending over a week and one day will be suspended for perhaps two years, being resumed again in 1933 provided sufficient support is accorded.

The chautauqua has been in existence here for more than 15 years and had become to be considered as an institution in the community. Efforts are to be made, however, to revive the annual programs after a lapse of a year or two.

CHAPTER 23

The Telltale Charm

BANKER DAYTON interrupted the sheriff's questioning of Bruce. Perhaps I can tell you better than I can tell you. I am the president of the National Bank—sent me a clerk in the bank, to deliver some important papers to the president of the Farmers' National there. Our Mr. Campbell, made the arrangement. It was necessary that the papers be there before the morning. Mr. Wilson, the bank teller, met some friends who came on the 7:40 train this evening. I saw Bruce board it as it was pulling out.

The sheriff turned to his deputy: "Get me the president of the Farmers' National—Fuller is his name. The phone's in the hall."

The phone rang quickly. "Let me talk to him, Sheriff. If you question him about Bruce it might be strange, you know."

"All right," the sheriff agreed, and Dayton stepped to the telephone. The others heard him place his call.

"Mr. Fuller in? Hello. Hello. This is Ed Dayton speaking. I wanted to make sure you received these papers...."

"Good. Bruce got them to you about nine o'clock, you say?"

"Yes, we expect him home on the first train tomorrow...."

"Oh, so our cashier phoned you

just before Bruce's train left. Campbell phoned at 7:15, you say?"

"Thanks, Henry. Good night."

As Mr. Dayton came back the sheriff said: "Well that puts Bruce Carey in the clear all right. I'll talk with him in the morning, though. Now, Martin, tell us how you spent the evening."

The old bookkeeper moved uneasily. The nervous tension of the entire company was increased as if they sensed an approaching crisis. Martin asked tremulously: "Shall I start when I left the house with Bruce?"

"Yes. What time was that?"

"A little after seven o'clock. Bruce was going to take the train to Camden at 7:40, and as I had to go back to work on the books, we walked as far as the bank together. Then Bruce said 'Good-by' and went on down the street. I went into the bank and—"

"Just a minute. Did you go in through the front door, or by the side door?"

"Oh, the side door. We always use that door after banking hours."

"Do you carry a key with you all the time?"

"I have for 40 years."

Mr. Dayton added: "All the employees have keys to that door."

"And who has the combination of the safe, Mr. Dayton?"

The president answered reluctantly: "Campbell, Mr. Wilson here, and Martin."

"Mr. Wilson, who locked the safe at the close of the day's work this afternoon?"

"I did. Martin and I were together when I locked up. We were the last to leave."

"Are you sure that the missing \$25,000 was in the safe at that time?"

"It was my business to know that the money was there. You see, we are only a small bank and such an item could not have been overlooked."

"After you locked up, you and Martin left the bank together?"

"Yes, sir."

"You are positive there wasn't anybody left in the building?"

"I think there was no one. I can't be absolutely sure of it. The side door opens into a little hall, which, as you enter from the street, is connected by an arch with the main room on the left. On the right, are the doors to the cashier's office and the president's office. When Martin and I left, I did not look into either of those rooms."

"Martin, tell us what you did after Bruce left you in front of the side entrance to the bank. First you unlocked the door and entered, I suppose?"

"Yes, sir. Then—of course I locked the door again. Then I went to the vault and—"

"Did you stop in that hallway?"

"No, sir. I had no reason to stop there."

"Were the doors to the two offices of that hall open or closed?"

"I couldn't say."

"What did you do with your cane?"

"My cane? Oh, certainly—I put my cane in the corner at the far end of the hall where I always leave it."

"The door to the cashier's office is close to that corner. You don't remember noticing whether that door was open or shut when you set your cane in the corner beside it?"

"I really did not notice, Sheriff."

"All right, go on."

"Where was I? Oh, yes—I opened the vault, got out my books and went to work."

"And when you finished work?"

"I put my books away in the vault, locked up and came straight home."

"Bring your cane with you?"

"Oh, of course. I always have my cane—it is in the hall out there."

"Now, Martin, did any one come into the bank while you were there this evening?"

"Positively no, sir."

"Wasn't the cashier in his office when you arrived at the bank, or didn't he come in while you were there?"

"I don't think so, sir. Now that you mention it, he must have been."

"Yeah—he might have been. The fact is he was. He was alive at 7:15 when he telephoned Fuller at Camden. He was found dead in his office at 9:30. He had been dead an hour at least."

"Heart of a Wife"

By ADRIAN GARRISON

Maggie's Cleverly Arranged Plan Means with an Unexpected Set-back

"CAREFUL!" I murmured the warning to Noel quickly, emphasized the word by an imperative pressure upon his arm. "You can find out her meaning and Mary's real thought later. Just now, listen!"

He obeyed me docilely, but I sensed that his nerves were even more tensed than mine as we waited for Mary's answer to Mrs. Arlen's smooth insinuation that her career had made her lay aside "everything else," patently meaning love and marriage.

"Thank you so much, Mrs. Arlen," Mary said sweetly. "It is so dear of you to say, all these nice things to me. I am quite overwhelmed. I assure you. And I'm afraid I do not deserve them. I am sure I should be very grateful if you would let me say a few words to myself. But perhaps you know that Mr. Veritzen tolerates no looking back when one has put one's hand to the plow. One certainly cannot serve two masters when he is one of them."

I mentally saluted my husband's charming niece. In effect, she had said to her opponent—for I knew she instinctively had recognized the older woman as such—"Perfectly Merciless!"

"It may rain tomorrow and then again it may not." Her formula, one as old as time and much in use through the ages, not excepting the present one, by rulers, writers and diplomats, was a perfect thing in its slipperiness. Mrs. Arlen could read into it whatever answer she wished. For that matter, so could Noel or his father, and taxed later with a question as to her meaning, Mary could say smilingly, "Yes, that is what I meant," or "Oh, how could you think I meant that?" with equal certainty that her questioner could have no possible hook upon which to hang a contradiction.

Mary pointed her little speech with a charming upward glance at Noel's father. He smiled at her with apparent indulgence, but I saw his keen eyes flickering over her face and knew that he recognized every move of the little game she was playing.

But Mrs. Arlen's brain did not move so quickly. I saw a satisfied expression in her still fine eyes, and she smiled at Mary charmingly. I already had judged her to be possessed of good humor and natural kindness—in any case where her own interests, and especially those of her daughter, were not threatened. Then I was sure that she could be ruthless.

"I fancy you are right, my dear," she said, a provocative side glance at Philip Veritzen. "That's what I've always heard about you, Phil, that you're a terrible taskmaster, perfectly merciless!"

Mr. Veritzen bowed as if she had paid him a tribute, and indeed I think he considered it as such. "You don't know the half of it, Mrs. Arlen," Lillian struck in. "The lady who created the character of Simon Legree must certainly have been gifted with the power to see into the future and visualize Phil. There never was such a slave driver since the days of the old Romans. Indeed, Phil, I've believed in reincarnation since I knew you. Isn't he the picture of an old Roman emperor?"

which I knew she could keep up indefinitely, and which gave me the chance to get Mary away from them for which I had waited.

I slipped my hand under her arm when the eyes of both Mrs. Arlen and Mr. Veritzen were elsewhere engaged, and drew her away from the little circle. As I did so Noel stepped impulsively forward and spoke the one word, "Mary!" in a tone so low that no one of the other groups could hear it.

And then from across the room came a soprano call with purposed babyish affectation in its cooing accents:

"Noel! Come talk to Avia."

STOP CONSTIPATION THIS PLEASANT WAY

Once people thought pills and drugs were the only way to relieve constipation. But the modern, safer method is to include sufficient roughage in the diet. Kellogg's ALL-BRAN, a delicious ready-to-eat cereal, gives you this bulk, and overcomes constipation naturally. Read this enthusiastic letter:

"After years of extreme cases of constipation, I had almost given up hope of ever being relieved."

"One day I came across your advertisement, so I thought I would try ALL-BRAN. It relieved me almost at once, and I have had no trouble since, which was almost three months ago. Mrs. E. E. Locke, 1104 Lyman St., Flint, Michigan."

Delicious when served with milk or cream. Cook into tasty bran muffins, breads, cereals, etc. ALL-BRAN also adds needed iron to the diet. Made by Kellogg in Battle Creek. The original ALL-BRAN.

Jubilee's Pardner

A Story of Boyhood Adventure

By JUDD M. LEWIS

"Bruce's train left at 7:40, so you must have arrived at the bank close to 7:20, and you arrived home about nine. Campbell was killed while you were in the bank. He was hit on the head with some blunt instrument. The \$25,000 was in the safe when you and Mr. Wilson left the bank this afternoon. When we were there this evening Mr. Wilson opened the safe and the money was gone. Martin, where is that Masonic watch charm the lodge gave you?"

The bookkeeper clutched his watch guard in sudden fright. "It's gone!" he cried and looked piteously around as if stunned. "I wouldn't take a fortune for that sacred emblem!"

The sheriff extended his hand. "Here it is, Martin."

"You found it?"

He reached out to take the charm. But the sheriff closed his hand on it. "This must be your charm, Martin, because it has your name engraved on the back."

"Yes, it is mine. The members of our lodge gave it to me. Where did you find it?"

"I found it beside the body of the murdered cashier."

"I'm afraid I don't understand. Why—why are you all staring at me like that?"

The sheriff said quietly: "I'm sorry, Martin, but it is my duty to take you under arrest."

The old bookkeeper slumped down in his chair. Ann, with a cry, put her arms about him. The sheriff spoke to his deputy, "Well take that cane too, Scott."

Through her tears, Ann appealed to the bank president: "Mr. Dayton—you're not going to let them take my father to jail?"

The bank president answered sadly: "If it were nothing more than the missing money, Ann, I could prevent it, but this is out of my hands. It is preposterous that your father should be suspected. When your husband returns, perhaps he—"

Ann interrupted with a startled cry. Then, with a pitiful attempt to cover her confusion, "Yes, Mr. Dayton, perhaps Bruce can help when he comes home in the morning."

When the men had taken Martin away, Tony endeavored to comfort Ann, beside herself with grief. "Of course, it's just a horrible mistake," said the old actor, "but everything will be straightened out. I wish Bruce were here. Perhaps we'd better telephone him—perhaps he—"

"No, no," cried Ann. "You can't telephone. It's no use!"

At this Pierre went to her and took her in his arms.

"You do not understand, Father Tony," said Ann again. "Practically she drew the letter from her pocket. 'Here, read this—Bruce—Bruce is not coming home in the morning.'"

PLAY TOURNEY AT Y.M.C.A. PLAYGROUND

Team Captained by Wilbur Evans Wins on School Lot.

Thirty-seven boys were present at the Y. M. C. A. playground on the high school site on Willow street yesterday morning, according to F. O. Rudolph, physical director of the Y who is supervisor of the playground. It was open to boys of the younger group, consisting of those of grade school age. This morning it was open to the older group, made up of boys of high school age and over.

Four teams were chosen to take part in a baseball tournament. The captains for these teams were Eugene Rice, Merle Pearson, Wilbur Evans and Ralph Sipes. The team

captained by Evans won the tournament. Other games and contests were held, after which Mr. Rudolph gave a short talk on "Sportsmanship," and also explained the system to be used in working for playground emblems. This plan is similar to that formerly used in awarding emblems at Camp Usher at Hepburn.

Howard Riefer lead a group of the boys on a nature hike. A home plate on the baseball diamond was made and installed by Carl Schadt and Ted Cull. Any boy in east and south Marion is welcome to attend this playground. The Y also operates two other playgrounds, one at the Steam Shovel and one at Lincoln park. These grounds are under the supervision of C. Carl May, boys' secretary of the Y.

Community is Declared Responsible for Crime

International News Service
WASH., D. C., June 23.—That society itself is responsible for crime is the belief of Dr. E. W. Burgess, director of the Chicago Behavior Research Center.

Answering the perplexing problem of how to meet our increasing criminality he says, "Crime is a community responsibility, and must be met by the intelligent and co-operation of all the citizens who are vitally concerned with the problem of human well-being."

The story of the "making" of a criminal who is prominent in the Chicago press, is presented in a series of case studies published by the program of sociological research of the Institute for Juvenile Research and the Behavior Research Fund.

Clifford Shaw, head of the department of research at the institute and co-author with Maurice E. V. of the book, stated: "To understand all is to forgive all, the particular criminal one can sympathize with, and in the matter of prevention, to understand all is to prevent all."

The young criminal, who tells his own story in the book, was reared in the slum districts of the city. At seven he was first brought into court. He was sentenced to a penal institution before seventeen for a series of crimes.

Although he tested superior intelligence, he was regarded as a moron due to his lack of proper social and cultural contacts. The attitudes and dispositions which lead to his crimes, were built up gradually. According to the book the lad really tried to be good.

"The only way I could have quit would have been to be taught something else as interesting," he explained regarding his criminal career. "And I wished to know something else to do."

Speaking of his prison, he said: "Is it any wonder that this place does not improve any one? To be persecuted while being held behind bars and walls is punishment with a vengeance."

Dr. E. W. Burgess, commenting further on the boy's case, stated: "While the public was shocked and horrified by the crimes of violence which the fellow committed and was unrelenting in its demand for punishment, one cannot help but believe that the very public that thus cried out for vengeance was in a large measure responsible for the tragedy of this young life."

Shoe lace tips have been invented that are screwed in place to prevent their loss.

This Marion Shovel Takes First Bite as Work of Hoover Dam Construction Starts in West

Three electric shovels, the forerunners of a large number to follow as they are needed, have been shipped to the site of the proposed Hoover dam in the Boulder canyon, Colorado, by the Marion Steam Shovel Co., officials of the company announced today.

Five more shovels similar to the first three are now under construction for delivery soon. Two more will be shipped in August, three in October.

To Dig Tunnels
The first eight will be used in the construction of four division tunnels 56 feet in diameter and approximately a mile each in length. Through these tunnels will be diverted the flow of water while the dam is under construction.

Specially designed for their task, the shovels will be able to work inside the tunnels, loading the rock which will be torn away by explosives. Each shovel has a bucket capacity of two and a quarter cubic yards, is powered by electricity and weighs approximately 100 tons. Also, each shovel is constructed to endure the unusually dry, hot climatic conditions of the vicinity. The cost of each shovel is approximately \$38,000.

The three shovels previously shipped are now on the job, having

been completed as a rush order and forwarded to the canyon by rail where they were assembled for immediate duty. Shovels to follow later will be ordered as needed, and probably, in the opinion of company officials, will be used for general purpose work, material handling, excavating rock for the foundation of the dam, and to operate draglines for the digging of gravel to be used in the concrete work on the dam.

To Set Up Office
The bulk of the shovels to be delivered under the terms of a contract between the shovel company and Six Companies, general contractors for the mammoth Hoover dam, will be shipped before Jan. 1, 1933. Although the number of shovels to be required is a matter for conjecture, upwards of 20 shovels, many of them built for special tasks, will be required under the contract.

Each shovel is assembled here, tested, dismantled, shipped to the site of the dam, and reassembled for a final test before put in actual use. A service office, carrying spare parts, is being established at Boulder City to service the Marion shovels on the job.

EXPLORERS RETURN

By International News Service
LOS ANGELES—An exploration party of four United States naval men has returned to Los Angeles with valuable information on the life of the near savage tribes of the Perlas islands, 200 miles from Panama. Similar to other semi-savage tribes the Perlas natives trade for bright colored trinkets, their only contact with the outside world being with traders and occasional explorers.

PLAN SERVICE

Waldo Pastor Will Confirm Chas Sunday Morning.

WALDO, June 23.—A pretty service is being planned for Sunday morning at the Lutheran church when Rev. S. C. COUNTY ROAD JOBS LISTED BY STATE

Upper Sandusky and Marcellus Highways To Be Repaired.

Two surface treatment projects on state roads in Marion county will be let to contractors July 7 at Columbus, together with other bids for treating 499 miles of state highways at a total estimated cost of \$491,689. O. W. Merrill, state highway director, has announced.

The two projects in this county include the surface treatment of 8.60 miles of the Columbus-Sandusky road from Harding highway north, at an estimated cost of \$109,222. Sept. 1 is the date set for completion of this work.

The other improvement calls for surface treating nine miles of the Richwood-Laurel and Laurel-Marcellus road at an estimated cost of \$387,467. This job, also, is to be done by Sept. 1.

Wyandot county is the only other county in this district slated to get improvements with Marion county.

ALLEN COUNTY MAY APPEAL TAX ACTION

Prosecutor Says He Will Carry Case to U. S. Supreme Court.

A legal question regarding the issuance of bonds for waterway or ditch improvements, which has retarded several contemplated ditch improvements in this county, will be carried to the United States supreme court, Ernest M. Botkin, prosecuting attorney of Allen county, has notified Attorney General Gilbert B. Bennett according to news dispatches today.

Whether the entire tax duplicate of a taxing division can be made liable for delinquent assessments against property owners for water or ditch improvements which benefit only a part of the taxing division is the question involved.

The state supreme court recently held that the duplicate of the taxing division can be held liable for such delinquencies, after reversing its own previous decision.

Hundreds Taking Tongue Medicine

Great Remedy Gains Instant Success; Nothing Like It Ever Seen Here Before

In just the past few days, literally hundreds of Marion men and women have been taking the Tongue. All during this past week and particularly during each after-

THE TONGUE MAN

noon, crowds have called at the Stump and Sams Drug Store, where this great physician's formula of nature's medical juices is being introduced in this city by The Tongue Man in person, and it is now freely stated that nothing like the instant success of this medicine has ever been seen here before.

Wherever introduced, this Tongue has proven vastly more effective in thousands of cases of ill health than any previous known medicine. One Ohio druggist declared that it is replacing most older known remedies because it is a more modern medicine, giving more permanent relief. It is for the following disorders:

STOMACH: Indigestion, gas and bloating, feeling like a rock in the stomach, which in reality is a mass of undigested food; dyspepsia, intense pain in stomach and chest, wild heart palpitation, feeling like fire from the throat to the pit of the stomach, awful headaches, loss of weight, tissue and strength; sour stomach, cramps, spitting up bits of half-digested food and a hot sour liquid.

LIVER: Attacks of biliousness, sick headaches that may last for days, constipation, dizzy spells, yellowish complexion.

KIDNEYS: Sharp pains over kidneys, a dull, aching feeling across the back, stiffness in the back and lower limbs, especially in the morning just after rising, frequent getting up during the night, dizziness, spots before the eyes, swelling of ankles, feet and lower limbs; puffa or dark circles underneath the eyes lack of vitality.

BOWELS: Painful, heavy bloated feeling in the lower stomach; headaches, wornout feeling, sleeplessness.

Many other forms of suffering frequently arise from the weakened condition of the system that results from sluggish disordered stomach, liver, kidneys and bowels. For instance there may be rheumatic or neuritis trouble, with its agonizing aches and pains over the body.

The Tongue Man is now at the Stump and Sams Drug Store, Marion, daily meeting the public and introducing and explaining this new mixture of nature's medical juices. Samples given free. —Adv.

Hardin County Farmer, Attacked in Home, Reported Recovering.
KENTON, June 26.—The condition of Isaac Slagle, 83 farmer of near Grant, who was struck over the head by a small rifle in the hands of an unknown assailant several days ago is improved. He suffered a slight concussion of the brain and several ribs also were fractured.

Meanwhile county officials continue to seek the assailant or assailants, working in a fog of lack of clues, unknown motives and without descriptions. Mr. Slagle continued to assert his inability to describe a suspect. Nothing was stolen, members of the family said.

ESCAPES INJURY

Machine Falls To Stop After Hitting Buggy Near Bucyrus.
BUCYRUS, June 26.—Adam Klink, residing north of Bucyrus, escaped injury when a unidentified auto driver struck the buggy in which he was riding, on Route No. 4, this morning shortly after 8 o'clock. The buggy was damaged. The driver of the car failed to

stop after striking the vehicle and his license number was not secured due to the high rate of speed at which he was traveling.

Klink appeared at the sheriff's office after the accident and asked that the sheriff's force assist in locating the car.

BY KARL R. MCLEROY
The boys did big things in the industrial recreation ball circuit last night.

Celebrating the end of the first round, eight teams went out on the field and turned in four of the keenest ball games of the week and when the smoke of the battle had settled a league leader was listed among the critically wounded, two shutouts went on the record book and one game lasted nine innings.

Playing inspired baseball behind some neat tossing by Price, the Roundhouse put the skids under the C. D. & M. nine, 2 to 0. It was the electrician's first defeat of the season. In addition to putting a two-hit game, Price drove in the winning run after Williams and Sharrock doubled in the third. Price tripled to place the game on the fast melting ice.

Another pitchers' battle found the Gas Co. nine losing a tough game and the Huber going into a tie with the C. D. & M. for first place. The two teams battled scoreless for eight innings and in the ninth the top of the Huber batting order got to Bronson. Braham singled and was scored on by Simmons home run. Kellogg held the lead to one safe single, a single by Herring in the fourth.

Fairfield won its first game of the season and pulled the C. & O. down to a last place tie. The final score was 3 to 1 with Fairfield on top and both teams on the bottom of the standings.

The Steam Shovel's dropped to a tie with the Silk Mills nine when the latter team turned in a 6 to 0 victory.

Billy Petrolle Removes Argentine from Championship Picture.

BY THE ASSOCIATED PRESS
NEW YORK, June 24—Billy Petrolle, the "Fargo Express," has led Justo Suarez of the Argentine night out of the lightweight championship picture.

Fargo Billy, who never has learned the meaning of the word "retreat" and is just as ignorant of the gentle art of holding, slugged Suarez all around Madison Square Garden's ring last night and finally knocked him out in the ninth round.

Marion Faces Tough Battle with Sunbury at Lincoln Park Sunday

Marion's entry in the Rural Community baseball league will face one of the high teams in the standing at Lincoln park field Sunday afternoon.

With a record of three games won and a like number lost, the local team will attempt to improve its standing by taking the measure of Sunbury.

Sunbury is one of the toughest aggregations in the league this season. The team which will play Marion Sunday is giving Hilliards, present league leaders, a mighty battle for the leading position.

It is likely Maughey will do the

Steals Home, Cards in Front by Full Game

BY HUGH S. FULLERTON JR. Associated Press Sports Writer.

George Watkins, brilliant young St. Louis outfielder, stole a game at Brooklyn yesterday. The teams were battling on even terms up to the seventh inning and Dazzy Vance had not allowed a man to reach first in his duel with Paul Derringer. Then Watkins beat out a bunt. Jim Bottomley singled and sent him to third. As Vance threw to first to hold Bottomley on the sack, Watkins streaked for home and slid in for a perfect steal of the base and the game.

Watkins' feat gave the Cards a full game lead on their leading rivals, New York, and Chicago, both of whom lost. The Giants could not solve Beeny Frey's pitching and dropped a 6 to 0 decision to the Cincinnati Reds. Chicago Cubs were on the short end of a 4 to 3 score in a tight duel with the Boston Braves.

Clise Dudley turned in another fine pitching performance, holding Pittsburgh to five hits, while the Phillies pounded out a 5 to 1 victory. Chuck Klein's eighteenth homer featured.

The sudden rejuvenation of the St. Louis Browns and the steady play of the Washington Senators combined to reduce Philadelphia's lead to a single game. The Browns took two games from the Athletics, winning the first 6 to 5 and the second 8 to 5.

The Senators held to four hits by Vic Sorrell, defeated Detroit 4 to 3. Sorrell gave seven walks and Spencer followed them with three hits to drive in all the Senators runs.

The New York Yankees went on a home run spree with Ben Chapman in the lead to take two games from Chicago. Chapman hit for the circuit twice, winning the opener 10 to 9, with a ninth inning homer after Babe Ruth had clinched his sixteenth four bagger and Lou Gehrig his seventeenth.

George Piggas held the Sox to four hits in the second clash to win his first game of the year 9 to 2 while Chapman inserted another homer in the middle of a six run rally in the third inning.

The Boston Red Sox made it two straight over Cleveland to end the series on even terms, winning 8 to 3.

AMERICAN, BRITISH GOLFERS CLASH IN RYDER CUP MATCHES

Two-Ball Foursome Play Marks Opening of International Competition.

By International News Service
SCIOTO COUNTRY CLUB, CO. LUMBUS, O., June 24—Under a withering sun that glared down from a cloudless sky, 18 men—the pride of American and British professional golfers—today began a two-day golfing tour over the hazy, rolling Scioto course here in the third biennial Ryder cup matches.

The first tee call was at 10 o'clock this morning. The day's program comprised four two-ball foursome matches over a 36-hole route.

Sand traps carefully raked over after golf writers of the United States and Britain had pried their nibs into the turf during yesterday's Johnny Walker cup tournament, today began a two-day golfing tour over the hazy, rolling Scioto course here in the third biennial Ryder cup matches.

Shute Paired With Hagen
Johnny Farrell and Gene Sarazen, the former Italian caddy wizard, were to oppose Archie Compston and W. H. Davis of Britain in one of the best ball conflicts over the 36-hole route.

Captain Walter Hagen and the youthful Denmore Shute, Hudson (O.) professional, took on the responsibility of contention with George Duncan and Arthur Havers. Leo Diegel and Al Espinosa of America were carried to meet the long driving Abe Mitchell and Fred Robson, and Billy Burke and Whiffy Cox, American newcomers in Ryder cup play, were sent out against Syd Easterbrook and Ernest Whitcombe of Britain.

While it was generally recognized that England has sent over probably the finest array of professionals yet to represent its majesty in Ryder cup competition, it was conceded that the terrific broiling heat of Columbus may react to the Britishers' disadvantage. They are accustomed to a more moderate climate.

Play Little Golf
Preferring to preserve their vitalities for the gruelling battles of today and tomorrow, the visitors have played but little in practice at Scioto, leaving the course largely to Captain Hagen's forces who seemed to revel in the relentless blaze of a blistering sun.

Absence of Captain Charles Whitcombe from the British starting lineup created quite a stir when the personnel of today's matching were announced late yesterday.

Whitcombe, it was buzzed about, is immensely fond of singles play, and preferred to save himself for this form of competition tomorrow. Other rumors had it that Captain Whitcombe was employing some of the diplomacy for which Britons were noted, and that his illness today was a bit of subtle strategy which will be proved on the second day.

GERRY WINS

Local Boxer Given Decision at End of Eight Rounds

Johnny Gerry, local boxer, turned in an eight-round victory over Pete Duncan of Fostoria in the semi-final of a fight card at Upper Sandusky last night.

Gerry was fouled in the fourth round but the judges refused to stop the fight after he had been examined by physicians. He went through to win the decision.

Al Gatchell of Upper Sandusky and other points north won on a foul in the third round from Nick Martin of Cleveland. Both were heavyweights.

HOLT LEADS MOHR BY SEVEN STROKES IN GOLF TOURNEY

Heat Sends Scores of Mar-O-Del Finalists to High Points.

Ed Holt, Cardington slinger of hash and golf clubs, this afternoon prepared to play the last 18 holes of finals of the Mar-O-Del membership handicap tournament holding a seven-stroke lead over M. M. Mohr of Marion.

The high temperatures yesterday which made the course a blazing oven, was an added handicap to both finalists. Their scores were unusually high for the first 18 of the 36-hole match.

Although having a handicap of four strokes on the first 18, Holt did not find it necessary to use them to win the first half of the match. At the end of the first nine, the Cardington man was three strokes up on his opponent when Mohr turned in a 35.

Mohr settled down to play consistent golf and both turned in cards of 50 on the last nine for a total of 103 and 100. With the four-stroke handicap this gave Holt a seven-stroke lead.

More heat will face the two finalists when they clash this afternoon. Holt will be given a three-stroke handicap.

The winner will receive a year's membership in the club and the loser a dozen golf balls.

Kellogg's Cereals

Takes a Year's Crop from Day's Demand of K

The Kellogg Company of Battle Creek, Mich., are the largest manufacturers of ready-to-eat cereals, and as such the huge buyers of farm grains. To supply just one day's demand Kellogg's Corn Flakes, a year's bumper crop from more than 100 of corn is needed. Thousands of bushels of prime wheat, carload carload of rice and greater quantities of barley are also used. And that isn't all the farm picture. About 2 1/2 million quarts of milk and cream are consumed every day with Kellogg's Cereals, of orchard fruits are served, and thousands of pounds of butter.

Recent Drouth Parallels One in Washington's Time

By International News Service.
WASHINGTON—The recent devastating drouth brought out the fact that George Washington went through a similar dry year in 1788, the Bi-centennial commission to celebrate the 200th anniversary of the birth of our first president disclosed in a statement.

Washington wrote from Mount Vernon the following letter to a friend:

"Dear Sir: I am very sorry I have not yet been able to discharge my account with the James River Company, for the amount of which you presented me with an order."

"The almost total loss of my crop last year by the drouth, which

has obliged me to purchase upwards of eight hundred barrels of corn, and my other numerous and necessary demands for cash, when I find it impossible to obtain what is due to me by any means, have caused me more uneasiness than I ever experienced before from want of money. In addition of these disappointments which I have met with from those who are indebted to me, I have in my hand a number of indents and other securities, which I have received from time to time as the interest of some Continental loan-office certificates, which are in my possession."

Another letter dated Aug. 17,

1790, further disclosed his trials with the drouth:

"The drouth has been so excessive on this estate that I have made no oats—and if it continues a few days longer, I shall make no corn. I have cut little or no grass; and my meadows, at this time, are as bare as the pavements; of consequence no second crop can be expected. These things will compel me, I expect, to reduce the mouths that feed on my hay."

Senator Sheppard, Democrat of Texas, the largest agricultural state in the United States, remarked after reading these two letters:

"Doesn't that sound as if written last year? That last line in Washington's letter complete the parallel between his experience and the loss of our farmers who were compelled to sell their livestock for lack of the means to feed them."

BEQUEATHS DOG \$500

By International News Service.
SAN FRANCISCO—Queenie, a Boston terrier, has inherited \$500 from her master, Dr. Paul Oertung, who recently died here, leaving an estate estimated to be \$100,000. He will said: "I bequeath the sum of \$500 for the maintenance and care of my dog, Queenie. Let her be given every possible comfort. Would suggest that she be kept in the house at night as she is very sensitive to cold."

STEEL FILES OF ALL KIND

STOCKS CLIMB
IN DAY'S SALESCollier as War Debt News
Sounds Note of
Optimism.

The Associated Press
NEW YORK, June 26.—Share
prices in the New York market
climbed to the best levels of
the year in more sober trading
reports from both Paris
and London remained optimistic
the prospect of an early
war debt.

Paris was startled considerably
by the French government's
announcement that it was
maintaining its position in the
Paris market. The
reaction here yesterday only
fresh buying and the list
soon pushed up to
the best levels touched in
the active trading.

Steel issues strong
were particularly strong
as the industry expects
the weeks of extreme
uncertainty of a
merger situation.

These issues generally
gained more than 7
and advances of 2 to 4 were
seen by U. S. Steel, Bethlehem,
and National. Motor
also were well bought.

Auto rising about 5. Mis-
souri issues rising about 2 to
used American Telephone,
can Can, International Tele-
American and Foreign Power,
New York Central, Atchafalaya,
Union Carbide, Anaconda,
American Smelting.

(Commodities Go Higher)
Commodity prices continued
to climb higher in the main.
Breadstuffs, weekly index re-
ported first advance since April.

Some observers expressed the
belief that prices held the key
to the market and that an upturn
would be followed by a flood of buying
as inventories are replenished
and investment funds at last
are employed.

The bond market continued to
work higher.
Weekly mercantile reviews
showed the stimulating effects
of the war debt proposal upon com-
modity markets.

Today in Marion Markets

Groceries, Produce, Meat, Grain, Livestock

Dealers were offering but few
leaders today, evidently holding
the specials for the benefit of
the weekend shopper Saturday. For
this reason, few price changes
were announced today. Dealers
were experiencing no difficulty in
securing ample supplies of prac-
tically all kinds of seasonable
fruits and vegetables.

Homegrown strawberries are be-
coming scarce, only a few were
on the market today that were sell-
ing at 15 and 16 cents. Northern
Ohio and Michigan berries will
supply the bulk of the demand for
the remainder of the season. A
few blackberries were on the mar-
ket today that were selling at 15
and 20 cents. As in the case of
the strawberries, the rain and
warm weather gives promise of a
large crop of both blackberries and
raspberries.

New peas and both green and
wax beans are becoming more
plentiful and dealers today were
selling peas at three pounds for 25
cents and beans at two pounds for
25 cents.

Local Grain Figures

Due to the grain market situa-
tion at this time, with the supply of
old wheat virtually gone and no
bidding on new wheat, local grain
quotations will be omitted for sev-
eral days. Publication of quotat-
ions will be resumed as soon as ac-
curate and dependable figures are
secured.

GRAIN MARKET
SAGS LOWERHarvest Conditions Bearish;
Traders Await Word from
Government.

By The Associated Press
CHICAGO, June 26.—Despite
stock market buoyancy, wheat pur-
sued a downward course early to-
day. Heaviest conditions for new
domestic winter wheat were bear-
ish, and traders displayed per-
sistent inclination to await evidence
that government sponsored old crop
holdings would not compete with
the new 1931 crop. Opening un-
changed to 1/4 cents lower, wheat
afterward underwent an all around
setback. Corn started 1/4 off to 1/4
up and subsequently scored general
gains.

Acting as a handicap to friends
of higher prices for wheat were
Liverpool reports that Russia was
offering large quantities for August
loading. Advances of big decreases
of wheat acreage in Australia and
Argentina were almost ignored.

Sharp wheat market rallies fol-
lowed news, however, that Chair-
man Stone of the federal farm
board was at the White House pre-
sumably to confer with Presi-
dent Hoover regarding advisability
of a more definite statement of the
board's policy regarding 200,000,000
bushels of surplus wheat owned by
farm board allies. Bulls contended
that announcement this wheat
would be kept off the market the
remainder of the year would lift
values. Corn and oats advanced on
account of crop damage indica-
tions.

Provisions were depressed by
liquidation of July contracts.

TOO MANY HORSES

By International News Service
WINNAP, Conn., June 26.—A horse ap-
peared recently without authority
on the tobacco farm of the state
agricultural experiment station
here and plowed his way through a
whole section of a great shade-
tobacco ten which led Dr. Paul
J. Anderson, in charge of the farm,
to say "It is only a question of a
few years before the widespread
practice will be to raise tobacco
without horses and with much less
hand labor."

"SKIPPY" SIGNS FOR FILMS

Putting his signature on the well-known dotted line, "Skippy,"
the precocious "Peter Pan" of the comic strip, gives another evi-
dence of precocity in selling his imitable pranks for the amuse-
ment of movie fans. Skippy, when not on the studio lot, is seven-
year-old Jackie Cooper, already a star of the first magnitude. The
document he is signing is a long-term contract with M-G-M, the
president of which, Louis B. Mayer, is shown with him.

MEXICO STRIVES TO POPULARIZE SPORTS

Aims To Combat Foreign Influence with Stamp of Nationalism.

By International News Service. MEXICO CITY, June 25.—An intensive campaign "to put the stamp of nationalism" on indoor and outdoor activities has been inaugurated under the sponsorship of the culture and social committee of the capital.

Irked by the pronounced foreign influence apparent in practically all public affairs of social and educational value, the nationalization enthusiasts adopted a resolution urging the government to cooperate in a country-wide campaign based on the following fundamentals:

- 1—Popularize distinctly national sports such as football; a combination of handball and basketball. In conjunction with that, minimize foreign diversions such as golf, baseball and American football.
- 2—Prohibit motion pictures in the foreign tongue, allowing only those presented in correct Spanish. (At present the films of American origin are offered in the English language for the most part, with printed translations of Spanish appearing jointly on the screen.)
- 3—Encourage native fairs characterized by native customs.

Strictly enforce the existing law requiring all advertising signs to be printed in Spanish.

Request civil departments to see to it that henceforth all civic activities bear "the stamp of true Mexican nationalism, eliminating such activities tending to alienate patriotism."

FAMILY ALBUM AID TO POLICE, CHIEF SAYS

Pennsylvania Officer Urges Revival of Old Photograph File.

By International News Service. HARRISBURG, Pa.—Revival of the family photograph album, discontinued with other customs of the "Gay Nineties" and succeeding days, is urged by Major Lynn G. Adams, superintendent of the Pennsylvania state police.

Keeping a family album, Major Adams points out, is a valuable aid to authorities in seeking missing persons, and inability of police to secure good photographs or fingerprints of such persons has led to many an unnecessary burial in a Potter's field.

"Family photographs," says Major Adams, "serve their best purpose when persons are reported missing. Photographs and fingerprints of criminals usually are obtained as the result of prior arrests, but when 'John Doe' or his daughter disappear from home, police are unable to obtain reliable descriptions.

"Only those with long experience in such cases can appreciate the inability of relatives and friends to furnish reliable descriptions of missing persons. Those who have lived daily with the missing person are often unable accurately to describe the color of hair or eyes for the benefit of authorities.

A good photograph of the missing person is the best and easiest way of putting authorities on the alert.

FINDS HEALTH AID

PRAGUE.—A new elixir of life has been found, it consists of vegetables fed with iodine, says Professor Dr. Stoklasa, who has tried the experiment on himself. For several weeks he has eaten only potatoes, cucumbers, radish and spinach, all nurtured in iodine. Professor Stoklasa asserts that he feels much healthier as a result and that, according to special measurements he made, the process of metabolism in his organism became much quicker and was freed of any injurious acids.

CRACK SHOT FOR U. S. TEAM

Motorcycle Policeman Galrie Upshaw (above), of Pasadena, Calif., has been again chosen a member of the United States rifle team for the International Small Bore championships to be held in Bisley, England, early in July. Upshaw has been a member of the team for four years of international competition and chalked up a 398 out of a possible 400 in the 1929 shooting. The sharpshooting cop has won 80 medals, some of which are shown with him.

Penny-a-Pound Dance Produces Novel Results

By International News Service. CAMBRIDGE, Mass.—A "penny-a-pound" dance held by Massachusetts Institute of Technology students in Walker Memorial furnished several interesting features. Sixteen students passed the entrance for less than a dollar. The majority of the girls weighed from 105 to 115 pounds and about a dozen students paid about \$1.40.

The lightest girl was Miss Mary McDonald of Newton who captured a prize of a huge stalk of bananas. Her escort paid 88 cents. Heavy-

weight honors went to a girl weighing 169 pounds but her escort had the last laugh when his money was refunded by the judges.

While none of the "small" freshmen took advantage of the affair by coming stag and paying for their own weight, they weren't without trying a novel stunt. One freshman dressed as a girl was escorted into the hall with the result that two "stags" passed for the price of one.

Of a world production of Portland cement last year estimated at 400,000,000 barrels between 40 and 50 per cent was made in the United States.

GARDEN PARTY

Gallion M. E. Church Aid Group Has Social Affair.

GALLION, June 26.—A delightful garden party was held last night at the home of Mrs. E. W. Seemann on Harding Way W. when she was hostess to the members of Section I of the Ladies' Aid society of the First M. E. church. There were also 30 invited guests. Mrs. P. T. Fields presided for a business session. A program included a piano solo by Miss Martha Feerer, a vocal solo by Donald Seemann, and a reading by Genevieve Stover. Refreshments were served. Mrs. D. O. Williams, Mrs. J. Lew Gugler and Mrs. G. S. Carlton assisted.

The monthly meeting of the W. C. T. U. was held last night at the home of Mrs. Charles MacFarland on north Columbus street. Mrs. Mary Barr was leader of the devotionals, which was followed by routine business. The subject for the evening was "Jesus Christ, the Great Retoucher," which was presented by Mrs. W. G. Kiddey.

The annual picnic for the members of the Current News club and their children was held yesterday afternoon. There were about 30 in attendance at Heise park.

A meeting of the Woman's Missionary society of the Presbyterian church was held yesterday at the home of Mrs. R. E. Porter on west Atwood street. Mrs. A. L. Green led the devotionals. The program in charge of Mrs. A. W. Bradfield included a paper "The West Indies," the National Mission topic, read by Mrs. William J. Geer and Mrs. C. V. Shepherd presented the foreign topic on "Philippine Islands." Plans were made for a picnic to be held in July at the farm of Mrs. J. D. Wisterman, east of Gallion.

The monthly meeting of the Woman's Missionary society of the Peace Lutheran church was held in the Sunday school rooms last night. Mrs. Philip E. Auer was chairman of the program and the devotionals were led by Mrs. Vernon Williams. The roll call quotations were provided by Miss Emma

Bieghausen. The topic for study was "Winning the Jew." Our Brother," presented by Miss Mary Bieghausen and Mrs. George Bieghausen. Miss Marguerite Boehm (Hosford) them with a vocal solo. The business session was presided over by Mrs. C. J. Gerstner.

Ten members of the W. L. T. club enjoyed a picnic last night at Heise park.

FINDS PRICELESS VASE

By International News Service. LOS ANGELES, Calif.—Jay Elmont, world traveler, by accident discovered he owns a priceless and curiously designed Chinese vase believed made during the Ming Dynasty in 1465. While in China Elmont purchased a cheaply made earthen Buddha. Recently the idol was broken revealing the vase. Hans Von Kober, art authority at the University of Southern California, established identification of the ancient ware. He explained the vase probably was hidden in the Buddha because it had been stolen and theft of imperial property meant death by beheading.
